ADHD and Mental Health - youngminds.org.uk

Because an ADHD child may process information in faulty ways, s/he tends to be bombarded with corrections, leaving her/him with a low opinion of self. Do whatever you can to promote your child's self-esteem.

UNDERSTANDING ADHD - Community Child Health

To diagnose ADHD, doctors start by asking about a child's health, behavior, and activity. They talk with parents and kids about the things they have noticed. Your doctor might ask you to complete checklists about your child's behavior, and might ask you to give your child's teacher a checklist too.
