

Composition For Computer Musicians Michael

"Composition for Computer Musicians" explains it all while showing you the basics of music theory throughout - so you'll be sure you're not just making noise on the computer, you're using your computer to make professional-sounding music.

Composition for Computer Musicians: Amazon.co.uk: Michael ...

A good book on basic music theory (such as his other book 'Music theory for computer musician's) is a good addendum to this one, with both serving as a good introductory guide into the process of composing and producing music on the computer.

Amazon.com: Composition for Computer Musicians ...

Another excellent book from a very good teacher, a sort of sequel to his title 'Music Theory for Computer Musicians.' Like that book, this one is well organized and full of clear explanations covering both the overall subject and a lot of specific details that will be good to know.
