Constructive Theology: A Contemporary Approach to Classic ...

Constructive theology is the redefinition or reconceptualization [citation needed] of what historically has been known as systematic theology. The reason for this reevaluation stems from the idea that, in systematic theology, the theologian attempts to develop a coherent theory running through the various doctrines within the tradition (Christology , eschatology , pneumatology , etc.).

Constructive theology - Wikipedia

Constructive Theology celebrates a rich, kaleidoscopic variety of theological structures, genres, arguments, and insights. The authors are committed to retrieving the deep insights of the classical tradition by bringing contemporary problems and experiences to bear on the work of theological construction . . .

Constructive Theology - Iliff School of Theology

There are many ways to organize a text in constructive theology that seeks to speak meaningfully to today's world. One could identify, let's say, a set of pressing social themes—U.S. imperialism, gender, the deepening of racial divisions in North America, the environmental crisis, the state of the family—and explore what difference faith makes to how we think about them.
